WORK EXPERIENCE

LCC Silvercrest

Lipa City, Batangas

Lead Developer

April 2025 – Present

- Developed and maintains the PCMEAP Learning Management System that handles over 4,000 students' information with over 10,000 daily visits.
- Recognized with an honorarium and retained on a monthly maintenance contract, achieving a 100% client turnover rate reflecting consistent delivery and satisfaction.

Provincial Government of Batangas - GSO

Batangas City, Batangas

Junior Software Engineer (Contract)

Dec 2025 – June 2026

- Led end-to-end development of the GSO procurement management system, coordinating directly with the GSO board to gather requirements and drive iterative improvements, reducing procurement process time by 40%.
- Deployed across Batangas Capitol and its provincial branches on on-premise infrastructure in the GSO server room, serving 500+ active users.

SARMIENTO SOFTWARE SOLUTIONS

Lipa City, Batangas

Junior Software Engineer

Feb 2025 – Present

- Developed and launched a custom marketplace and e-commerce solution for a client, including a dashboard and POS system, which increased client revenue by 20%.
- Architected and implemented a CI/CD pipeline in a 3-person team, enabling a product to scale to 500 daily active users successfully.

FREELANCE SOFTWARE ENGINEER

Lipa City, Batangas

Software Engineer

Aug 2023 – Present

- Delivered 10+ custom software solutions for contractual clients spanning web platforms, IoT prototypes, and embedded systems.
- Designed, developed, and maintained full-stack web applications, backend services, and device-integrated systems based on client requirements, which reduced client manual workflows by 30–60% through automation and custom tooling.

PROJECTS

SWIFTLY – REAL-TIME COLLABORATIVE CODE EDITOR

Dec 2025

- Designed and implemented a real-time collaborative text editor using Vue.js and Django. Enabled multi-user live editing, cursor synchronization, and instant state updates across clients.
- Focused on real-time data consistency, event broadcasting, and frontend state management under concurrent user interactions.
